"Selectric" Typewriter

Part No./ Price List

Use With the "Selectric" Typewriter Adjustment / Parts Manual, F/N 241-5939-0 dated January, 1976

IBM "Selectric" Typewriter (7XX)

IBM "Selectric" II Typewriter (8XX)

IBM Correcting "Selectric" Typewriter (8XX)

IBM 96 "Selectric" Typewriter (9XX)

PARTS CATALOG PART NUMBER/PRICE LIST INSTRUCTIONS

This manual is for both US and World Trade use. This listing contains parts information for the following products:

Product Name	Identification Code	Product Code
IBM "Selectric" Typewriter	7XX	21
IBM "Selectric" II Typewriter & IBM Correcting "Selectric" Typewriter	8XX	26
IBM 96 Character "Selectric" Typewriter	9XX	

PRODUCT LEVELS IDENTIFICATION — A number with an asterisk on each side (* 1. *) in the description column refers to a note at the end of the mechanism list that explains level activity and other information. Machine serial numbers shown are approximate.

SPECIAL PART NO. IDENTIFICATION

Parts Packet Parts — Part numbers contained in Parts Packets are identified by a two-digit number printed to the right of the selling price.

Example: 1070029 Pin Clevis .15 06
is in Packet No. 6 (1280706)

Part Numbers Requiring Additional Ordering Information, Such As Color, Pitch, Etc. — Are coded by an alpha code printed to the right of the selling price. This code is as follows:

- A —Specify color;
- B —Pitch and number of characters;
- C —Typestyle, character, position, catalog number;
- D —Typestyle, character, catalog number;
- E —Typestyle, keyboard arrangement, number of characters, machine model;
- G —Specify forms width;
- H —Pin-to-pin dimension and hardness;
- J —Cylinder by part number and the color;
- K —Cylinder by part number;
- L —Color, pitch, type or drive mechanism;
- S —Specify length in feet;
- T —Supplies or accessory item—order from your supply center

Initial Parts Issue — Part numbers contained in the Initial Parts Issue (B/M 1271248) are identified by two number signs "# #" printed to the right of the selling price.

Inventory Maintenance Guide Parts — Part numbers identified by a single number sign "#" printed to the right of the selling price are additional items listed in the Inventory Maintenance Guide.

CODE 32 LISTING — A listing of current Code 32 information is printed in this Part No./Price List. This information will be updated with each future revision of the Part No./Price List.

CEM INFORMATION — When new parts information is released in a CEM and the parts are not shown in the illustration portion of the Parts Catalog, the CEM No. and the reference number will be printed at the beginning of the proper mechanism.

This edition contains part numbers and prices previously printed in CEMs through CEM No. 298.

When a selling price is required that is not shown in this listing, contact your local IBM branch office.

SPECIAL ENGINEERING REQUEST (SER) & MISCELLANEOUS EQUIPMENT SPECIFICATION (MES) PARTS INFORMATION

Features and devices (MESs) or specification changes (SERs) wished by the customer must be ordered through CE management and branch office sales.

Replacement parts for features, devices and SERs not shown in the parts catalog must also be ordered through CE management and branch office sales.
